Logan. Utah. Nov. 16/80

My Dear Mrs. Haines,

Your kind letter reached us to-day and I hasten to reply — Were glad to hear that our dear friend Mrs. Gurley had so kindly remembered us — but as yet we have not received the money — When we do receive will send Mrs. Boyd the check as you desire —

Miss Bartlett is doing nicely at Smithfield — and we think the prospect for a school at that place good — Miss Nellie has taught three weeks and has had twelve different pupils — She has had Sabbath School for the past two Sabbaths — last

Sabbath having twenty seven pupils present — We are much interested in her, and feel quite assured that the place is safe even though she be alone.

We expect a pleasant visit from her on Thanksgiving —

Miss Noble expects to be here on Thursday of this week — The Franklin building — except furniture is about ready for her —

We had a very pleasant visit from Mrs. Huntington of Cleveland Ohio — who — you may know — is much interested in Utah mission work — and gladly would we welcome many others who have shown so much interest in our part of God's great vineyard — —

Our chapel and home are indeed very satisfactory — and school increasing constantly —

We have on hand as yet a

being so much larger than last year, it will be much harder to supply the deficiency than it was last year then—

part of a box of clothing sent to us last winter, but it has been culled out pretty well— We need boy's clothing at present even more than girl's— Some wrappings for girls would be very acceptable— We have more poor children this year than last— Hoping to hear from you again

I am yours sincerely
S. Parks
(Mrs. C. M. Parks)

P. S. Mr. Parks says a box of Christmas gifts for the Christmas tree would be acceptable, as we do not know where they are to come from, and the school

for Comtee —

Logan. Utah, Feb 8/81

My Dear Mrs. Haines.

Your kind favor came to hand some time since — Yes we did receive from Kankakee the amount of which you speak and about which Mr. Parks will confer with you — It has already been appropriated toward the furniture —

Our school is very interesting — but having so many grades we have to work very hard — We do not object to this however — and are willing to "spend and be spent" that we may do these children and Youth — who grow dearer to us everyday — some

lasting good— We have had more Norman children attending school this winter than ever before—

Our winter is mild but very rainy—not at all to be compared with last winter in severity— Of this we are glad as daylight shines through our living apartments in many places but even with this being the case— we consider it a vast improvement on our last winter quarters—

Miss Noble is doing nicely at Franklin— and I believe is well liked—— Miss Bartlett spent last Sabbath with us— She is doing well at Smithfield—— Are you not coming to visit us the coming season We would gladly welcome you—

Yours &c. S. Parks

Rev- S. Parks

Utah-

Logan. Utah. May 16. 81

My dear Mrs Haines.

I write acknowledging the receipt of commission for another year—
I understand Presbytery recommended $400- for my salary this year- I was much obliged to them as it was entirely unsolicited on my part- and they being on the ground could perhaps see reasons for this that the Board cannot- Perhaps a little explanation from yourself may answer the "why" they did not heed the recommendation- The salary of the teachers seems to

have been

raised in almost every
case - and the question forces itself on us - "Why not in ours"? The school has been most interesting the past year - We have enrolled this - the Summer term between forty and fifty - Of course the larger scholars have left to assist at home in the Spring work - Our work is by no means at a stand still - if the salary is - Our prospect for another year is good for a fuller school than ever - and the Lord helping us we expect to do our duty as faithfully as heretofore - in spite of some things we do not quite understand - - Hoping to hear from you soon. I am Yours most truly — S. Parks

dear madam

I have ordered
one Dog Stereo. view
and with sent them
to you as soon as
rec'd. the cost $2.
am glad you are
pleased with the
photo's. and hope
they will be of an
advantage in securing
some money to finish
our cement.

are you coming to see
us this Summer?

Yours C. M. Parks

Rev C M Parker

Logan Utah Sept 5

Mrs F E Hatch

We are pleased to send you
herewith a copy of Views
of our chapel with the desire also
prayer that they may be the
means of securing the money
necessary to complete the purchase
of the lot on which
it is erected. This spring we
raised the fence and made
a new line fence with concrete
posts around. This season does
not afford sufficient protection
from the cold winds

Dear Peppermint Our neighbors
children - There are a few cu-
rant and raspberries on the
lot and two apples to plant
mine and I am cultivate a
small patch for vegetables
also I hope to have some flow-
ers in the spring
The weather is fine, our leaves
the leaves of the apple tree are
coming out and the grass begin
to look green also is beginning
but it diminishes until size of
our school the playing pecans
etc. but the larger boys and
spring work since girls seniors
are still becoming Curtis
